

Château Heritage

Cuvée Saint Elie Blanc 2017

Elements: Château Heritage, Saint Elie White 2017 is a Chardonnay.

Harvest: Totally manual harvest with only the exceptional years and optimal quality grapes used.

General Information: When we bought the building that is now the chateau heritage winery in 1997, the first vines that we cultivated were in the vineyard next to the winery. What we cultivated was a Chardonnay vineyard. These vineyards are watched over by the statue of Saint Elias the patron saint of our winery. Now, 20 years later we decided to ferment the grapes of these vineyards with oak staves and the result was an amazing white wine we are extremely proud of.

Bottling: When the wine was deemed ready, it was bottled at the château. High Quality Natural Corks were used in the 44mm format on 750ml bottles.

Alcoholic strength: 13%; Total **Acidity:** 3.7g/l H₂SO₄;
Residual Sugar: 1.2g/l

Tasting Notes: Brilliant pale yellow color. Intense nose of yellow fruits and dried fruits with fine spices. Beautiful full mouth feel, rich with notes of oak confirming the nose of a superb elegance.
